Subject: Couple Questions

Good morning.

Do you have any more information or update on the peer review panel member selection process? And, do you know yet if the panel has been moved to later in the year?

Also, on Sept. 24, the USGS is going to post to their website the results of their Pavillion monitor well sampling. EPA sampled the two monitor wells and some drinking water wells (Round 5). When will those results be made public?

E-Mail to and from me, in connection with the transaction of public business, is subject to the Wyoming Public Records Act and may be disclosed to third parties.
